#### **INDEPENDENT AUDITORS' REPORT**

Board of Directors and Management Florida ABLE, Inc. Tallahassee, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Florida ABLE, Inc., which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

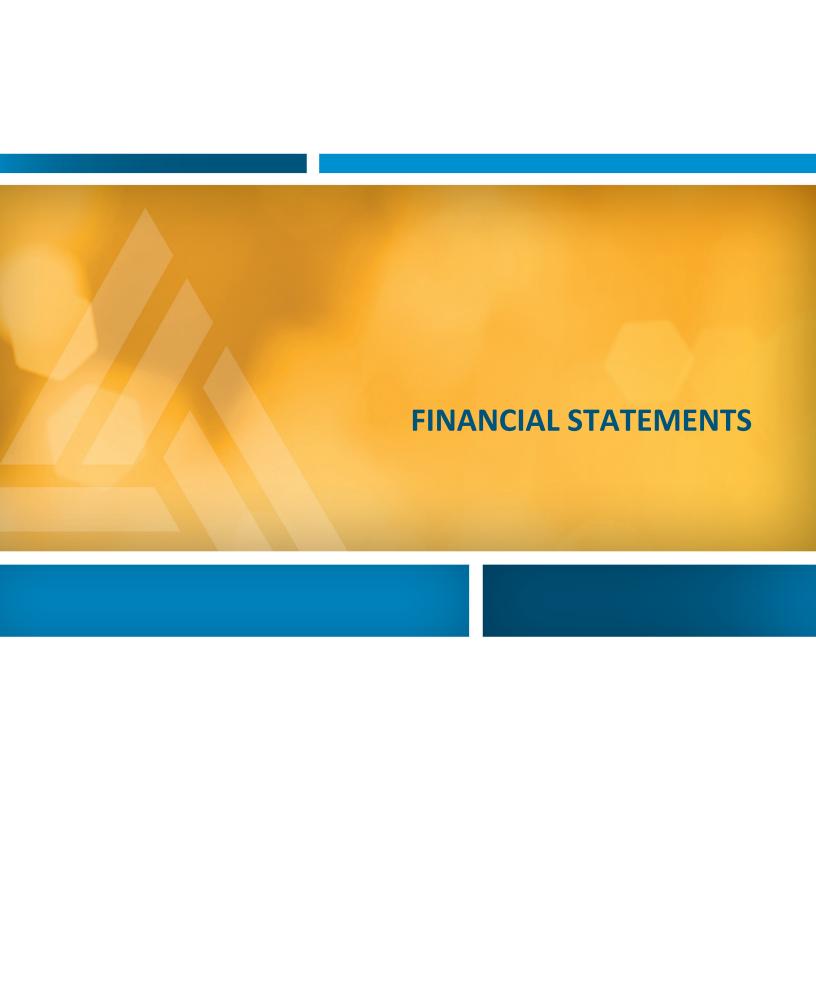

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Florida ABLE, Inc. as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Organization**

Florida ABLE, Inc. (ABLE) was created on July 1, 2015 as a not-for-profit organization doing business in the State of Florida. ABLE was established under Section 1009.986(1) of the Florida Statutes to encourage and assist the saving of private funds in tax-exempt accounts in order to pay for the qualified disability expenses of eligible individuals with disabilities. The Florida Prepaid College Board (the Board), a component unit of the State of Florida, administers ABLE in accordance with a Direct-Support Organization Contract. ABLE is included in the Florida Prepaid College Board's financial statements as a private-purpose trust fund. As such, assets in excess of liabilities are presented as "held in Trust for individuals and program administration."

#### **Basis of Accounting**

The accounts of ABLE are maintained on the accrual basis in accordance with the principles of not-for-profit accounting. Resources are reported for accounting purposes into separate classes of net assets based on the existence or absence of donor-imposed restrictions. Net assets are classified within the financial statements as follows:

#### **Permanently Restricted**

Net assets subject to donor-imposed stipulations that they be maintained permanently by ABLE are classified as permanently restricted. Generally, the donors of these assets would permit ABLE to use all or part of the investment return on these assets. As of June 30, 2018, ABLE does not have net assets that are permanently restricted.

#### **Temporarily Restricted**

Net assets whose use ABLE is subject to donor-imposed stipulations that can be fulfilled by actions of ABLE pursuant to those stipulations are classified as temporarily restricted. As of June 30, 2018, ABLE does not have net assets that are temporarily restricted.

#### Unrestricted

Net assets that are not subject to donor-imposed stipulations are classified as unrestricted. Unrestricted net assets include resources that are available for support of ABLE's operations.

#### Cash and Cash Equivalents

Cash and cash equivalents include certain investments in highly liquid instruments with original maturities of three months or less when purchased. ABLE routinely invests its surplus operating funds in money market funds.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Investments**

In accordance with FASB ASC 958-320, *Investments-Debt and Equity Securities*, investments in equity and debt securities with readily determinable market values are measured at fair value in the statement of financial position. Investment income represents interest earned on funds for ABLE's general operations. Realized and unrealized gains and losses, interest and dividends earned on participant accounts are allocated to participant accounts and included as a change in amounts held in trust for participants on the statement of financial position. Investments held on behalf of participants are classified as "investments-restricted" on the statement of financial position.

#### **Amounts Held in Trust for Participants**

Participants retain ownership of all accounts on deposit with ABLE up to the dates of distribution on behalf of the designated beneficiaries. Participant contributions and the earnings derived therefrom are held in trust for the participants.

#### Revenue Recognition

The Florida Legislature appropriated \$2,166,000 to ABLE that was recognized as revenue when received during the year ended June 30, 2018. This amount is presented as governmental support within the statement of activities.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Subsequent Events**

ABLE evaluates subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

#### **NOTE 2 – CONCENTRATION**

#### Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, ABLE's deposits may not be returned to them. Cash deposits consisted of interest bearing demand accounts at one financial institution which is entirely insured by collateral pursuant to The Florida Security for Public Deposits Act (the Act). The Act establishes guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral. Under the Act, ABLE's deposits in qualified public depositories are totally insured. ABLE had \$119,548 on deposit with Wells Fargo, Inc. at June 30, 2018.

At June 30, 2018, ABLE also had \$3,213,138 on deposit with the Florida State Board of Administration held in the Florida PRIME account, included in investments within the Statement of Financial Position. Florida PRIME represents a pool of investments whereby ABLE owns a share of the respective pool, not the underlying securities. Cost approximates fair market value. While Florida PRIME is not registered under the 1940 Act or regulated by the SEC, ABLE believes the credit risk related to these balances is minimal. The Florida PRIME is rated by Standard and Poor's as AAAm, and provides ABLE with daily liquidity.

#### **Funding Source**

ABLE received funding of \$2,166,000 from the State of Florida to organize its operations and establish its investment structure. ABLE is reliant on third party funding until investment returns and generated fees are sufficient to support its operations.

#### **NOTE 3 – RELATED PARTY TRANSACTIONS**

In accordance with 1009.986, Florida Statues, the chair of the Florid Prepaid College Board serves on the Board of Directors of ABLE along with another appointee made by the Florida Prepaid College Board.

For the year ended June 30, 2018 the Florida Prepaid College Board provided certain administrative expenses to ABLE under a contractual agreement with no date of expiration or termination. Under this agreement, ABLE paid administration fees totaling \$225,000 to the Board for the year ended June 30, 2018. Additionally, ABLE owed certain reimbursable expenses to the Florida Prepaid College Board and its component units totaling \$5,014 at June 30, 2018.

#### **NOTE 4 – INCOME TAXES**

ABLE is a non-profit organization intended to be exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. ABLE received its 501(c)(3) status on July 1, 2017. Accordingly, no provision for income taxes is shown in the accompanying financial statements.

ABLE follows accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of June 30, 2018, ABLE has no uncertain tax provisions that qualify for recognition or disclosure in the financial statements. Management and legal counsel determined federal income tax returns were not required to be filed.

#### **NOTE 5 – INVESTMENTS**

Investments consist of the following:

June 30, 2018	Cost	Fair Value
Money market funds	\$ 3,281,162	\$ 3,281,162
Commingled fixed income fund	2,389,284	2,331,722
Commingled domestic equity fund	3,120,103	3,419,414
Commingled international equity fund	1,164,581	1,203,158
Total	\$ 9,955,130	\$ 10,235,456

#### **NOTE 6 – FAIR VALUE MEASUREMENTS**

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

<u>Level 1</u> – Quoted prices in active markets for identical assets or liabilities.

<u>Level 2</u> – Significant other observable inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity.

#### NOTE 6 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair values of investments measured on a recurring basis are as follows:

June 30, 2018	Fair Value	Level 1	Level 2		Level 3
Commingled fixed income fund	\$ 2,331,722	\$2,331,722	\$	- \$	-
Commingled domestic equity fund	3,419,414	3,419,414		-	-
Commingled international equity fund	1,203,158	1,203,158		-	
Total	\$ 6,954,294	\$6,954,294	\$	- \$	-

- Address with the Board of Directors and management any accounting and financial reporting issues;
- Anticipate and respond to concerns of the Board of Directors and management; and

We are required to communicate our judgments about the quality, not just the acceptability, of ABLE's accounting principles as applied in its financial reporting. We are also required to communicate critical accounting policies and sensitive accounting estimates. ABLE may wish to monitor throughout the year the process used to compute and record these accounting estimates. The table below summarizes our communications regarding these matters.

AREA	ACCOUNTING POLICY	CRITICAL POLICY?	JUDGMENTS & SENSITIVE ESTIMATES	COMMENTS ON QUALITY OF ACCOUNTING POLICY & APPLICATION
Investments	Management follows the provisions of ASC 820, Fair Value Measurements, when reporting investments.	Yes	ABLE relies on valuations from the custodian for 100% of the asset values.	Policy appears to be in accordance with U.S. GAAP.

### **Summary of Audit Adjustments**

During the course of our audit, we accumulate differences between amounts recorded by ABLE and amounts that we believe are required to be recorded under GAAP. Those adjustments are either recorded (corrected) by ABLE or passed (uncorrected).

There were no adjustments, either corrected or uncorrected, as a result of our audit procedures.

#### **QUALITATIVE MATERIALITY CONSIDERATIONS**

In evaluating the materiality of audit differences when they do arise, we consider both quantitative and qualitative factors, for example:

- Whether the difference arises from an item capable of precise measurement or whether it arises from an estimate, and, if so, the degree of imprecision inherent in the estimate.
- Whether the difference masks a change in earnings or other trends.
- Whether the difference changes a net decrease in assets to addition, or vice versa.
- Whether the difference concerns an area of ABLE's operating environment that has been identified as playing a significant role in ABLE's operations or viability.
- Whether the difference affects compliance with regulatory requirements.
- Whether the difference has the effect of increasing management's compensation for example, by satisfying requirements for the award of bonuses or other forms of incentive compensation.
- Whether the difference involves concealment of an unlawful transaction.

### **Internal Control Findings**

The Board of Directors and Management of Florida ABLE, Inc.

In planning and performing our audit of the financial statements of Florida ABLE, Inc. as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Florida ABLE, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Florida ABLE, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Florida ABLE, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, Board of Directors, others within Florida ABLE, Inc., and is not intended to be, and should not be, used by anyone other than these specified parties.
